Discover Primary Science & Maths

At Galway Atlantaquaria, Salthill, Galway city.

All our DPSM Workshops include a guided tour of the aquarium followed by one or more of the options outlined below. Each workshop encourages students to bring science to life through an inclusive hands on approach.

"Very informative, pitched exactly at the right level"

"Fascinating, loved the hands-on approach."

"Great, fun and challenging"

WORKSHOPS

Science Experiments. Suitable for all classes

Carry out a number of experiments to investigate the properties of water, pressure, energy & forces and the odd explosion!

Engineering Trail & Workshop: Suitable for senior classes

After the engineering trail in the aquarium, design and make a mini model of a working coastal defence.

Maths Workshop: Suitable for senior classes

Discover the shapes, space and numbers behind the exhibits during a tour followed by a marine maths fishing challenge in the classroom.

Animal Anatomy: Suitable for all classes

Learn about the different characteristics of life in our oceans and investigate the processes of life through a squid dissection.

Seashore Safari: Suitable for senior classes

Take a trip to Grattan beach and discover the world of plants and animals living right at our doorstep. This activity is weather and tide dependant and can be carried out with a maximum of 30 children.
