# MY SEASHORE VIDEO ACTIVITY WORKSHEET

We have learned lots of new information about some of the animals we can find on the beach. Let's see what we can remember!

What was your favourite animal you saw on the video? Here is a list to help you remember:

Flat Periwinkle

Periwinkle

Common Prawn

Beadlet Anemone

Sand Goby

Tompot Blenny

Hermit Crab

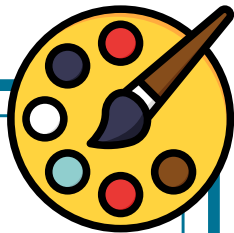

Common Shore Crab

Butterfish

Common Blenny

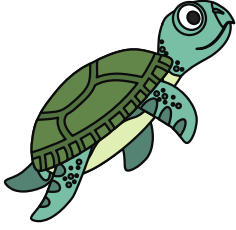

My favourite animal from the video was the:

Can you draw this animal?

Lots of the animals at the beach need to CAMOUFLAGE. This means that the animal blends in very well to its surroundings, making it very hard to spot. Try and fill this box with the names of any animal that uses CAMOUFLAGE

## DESIGN YOUR OWN ANIMAL

Can you design and draw your own seashore animal here? Be sure to label all the parts and explain how they help your animal to survive in the wild e.g. camouflaging to hide from predators, fins to help it swim.
